

THE SOUTHERN HOTEL UNDER NEW MANAGEMENT.

The Southern Hotel, located at 311 Pennsylvania avenue, which has been managed by Messrs. Satterwhite & Stewart for the past year, has gone into new hands, or rather Mr. Samuel S. Stewart, the junior partner, has purchased the full interest and will henceforth make it the best hotel for the accommodation of colored people in this section of the country. This hotel is centrally located and for the past year has done the banner business

in Washington. It is located within two squares of the Capitol on the great thoroughfare, Pennsylvania avenue, is on the popular side of the street and is fully equipped with all the up-to-date improvements, such as electric lights, electric fans, newly upholstered furniture, elegantly furnished rooms and a cuisine unsurpassed by any hostelry

in the city. Meals are served table d'hôte and à la carte.

The noon lunch for business men is one of the new features and one which has proven very popular. The regular Sunday dinner, which runs from 12 to 4 p. m., is one of the features of this hotel and many people take advantage

of it on Sundays. Mrs. Stewart continues as a housekeeper, having charge of the hotel proper. Her husband, Mr. Stewart, looks after the general management, especially the culinary department. Mr. Edward C. Allen, the

popular mixologist, continues as head of the buffet department, with Mr. John L. Sullivan, a most able and obliging assistant. Under the new regime many improvements will be made in the hotel and Mr. Stewart invites the fullest inspection from the general public.

Among the recent guests of this hotel may be mentioned Commissioner T. Thomas Fortune, who recently returned from the Philippines; Col. W. A. Pledger, of Atlanta, Ga.; Col. James A. Deveaux, collector of customs, Savannah, Ga.; Mr. W. P. Burrell, grand secretary of the True Reformers; Mr. B. G. Fitzgerald, of Atlantic City, N. J., and many other people of note.

POINTED PARAGRAPHS.

Washington, D. C., is at the mercy of a hot wave.

Beware the debtor who begins by complimenting you.

A man of brains never wrote a successful love letter.

Our neighbors do not know, as well as we do, what is good for them.

Keep your eye on the synod of Delaware and what they do to Elwood.

The income of the weather prophet is more reliable than his predictions.

A ten-cent man is like a ten-cent fan. Both yield more "wind" than the ten-dollar kind.

The educated Negro is rarely of the strenuous kind. He is content to sneer and be negative.

What is the matter with Judge Thos. G. Jones of Alabama for Vice-President with Roosevelt next year?

It will not be long before peonage will be a popular indulgence in the Southern States.

There is a growing sentiment that fireworks and patriotism are not synonymous terms.

Is the recent arrival of a colony of Italians in this city a menace to the local labor market?

The American people are quick to learn. But they have yet to learn that noise does not necessarily mean love of country.

It is pleasant to learn that the recent crusade against "Uncle Tom's Cabin" has increased its sales enormously.

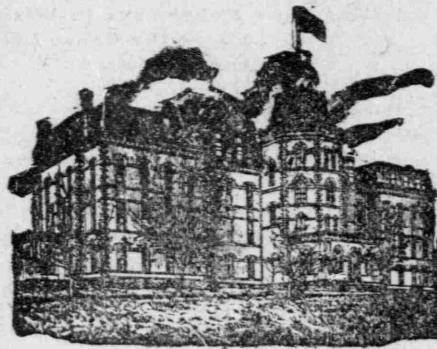

It would be feeding crow to our Presidents to have to submit to the reception of a petition of protest from Russians against the brutal treatment of Negroes in this country.

Count Cassini, the Russian minister, could spike the American guns in the twinkling of an eye were he to listen favorably to the suggestion of that Russian protest.

In the absence of Col. Perry Carson, what representative Negro is going to look into the probable exclusion of our colored laborers from the work incident to the new railroad location?

Knoxville College Summer School.

The second annual session of the Knoxville College Summer School will begin June 24th, and continue six weeks.

Unparalleled opportunities are offered on account of the favorable location in the mountainous district of East Tennessee—high elevation, abundant shade, commanding view and great healthfulness; on account of its proximity to the Summer School of the South at the University of Tennessee, through which many of the most eminent lecturers of the country have been secured and which makes possible the remarkably low railroad rate, and on account of the well-equipped college plant at the disposal of the summer school.

Among the list of 27 lecturers and teachers already secured are the following: Dr. Lewis B. Moore of Howard University, Washington, D. C.; Hon. S. A. Mynders, state superintendent of Tennessee; Hon. H. R. Sanford, state institute conductor of New York state; Dr. W. E. B. BuBois of Atlanta University; Prof. Kelly Miller of Howard University, Washington, D. C.; Prof. P. P. Claxton, editor of Atlantic Educational Journal and conductor of the summer school of the South; Dr. L. H. Bailey, professor of horticulture, Cornell University; Prof. J. H. Phillips, superintendent of schools, Birmingham, Ala.; Prof. W. H. Singleton, principal of schools, Chattanooga, Tenn.; Dr. E. G. Murphy of the southern educational board and Hon. L. D. Harvey, state superintendent of Wisconsin.

Expenses very low. Railroad fare from all points in the South, one fare plus 25 cents.

For full particulars write the President of Knoxville College.

OPPORTUNITY FOR YOUNG MEN.

The demands in all parts of this country, and in several foreign countries, for well trained men of our race in the direction of scientific and practical agriculture are so great that this institution is willing to offer exceptional advantages to young men who wish to come here and take either a regular or post graduate course in agriculture. We cannot begin to supply the demands that come to us for trained men in the direction of agriculture. The positions for which these trained men are wanted are those in most every case which pay high salaries.

hold of men who have received as far as possible, a good education before coming here, and are ready to enter upon a thorough course of agricultural training.
